

SELF REVIEW AT A GLANCE

**START
HERE**

PREPARE

- What will we review?
- What is working?
- What would we like to improve?
- What do we know about this?

GATHER

What do we need to find out before we make decisions?

- Look in: What do we currently do? What do our members say? What do our tamariki do?
- Look out: What are other centres doing? What does the association say?
- Look at the experts: Articles, websites, attend a workshop

REFLECT, REVIEW, REWORK

- What's working well?
- What are the challenges?
- What is changing for our tamariki?
- How are we meeting our desired outcomes?
- How can we tweak it to make our review more effective?

MAKE SENSE

- What did we find out?
- What's possible?
- What would we like to grow?
- What do we want to see happen? What are the desired outcomes?

DECIDE

What actions will we take?

- What changes will we make to the environment?
- What experiences can we offer to our tamariki?
- What can the adults learn to do differently?
- How will we document our progress?
